

# Contribute to the League of Women Voters of Central New Mexico

## Support the Voters' Guide!

This September, before absentee and early voting begins, the League's **501(c)(3) Education Fund** will again produce and distribute thousands of copies of our 2013 Albuquerque Municipal Election *Voters' Guide* to locations all over the city of Albuquerque ... to libraries, community and senior centers, banks, schools and businesses. Before the election, our online *Voters' Guide* at [www.lwvcnm.org](http://www.lwvcnm.org) will get thousands of hits by voters seeking trustworthy information about the ballot.

The *Voters' Guide* is truly a "group" effort. All of the extensive labor required for data gathering, candidate contact, writing and editing is provided free of charge by League volunteers. We seek funding from both our membership and the community to cover the costs of printing.

We appreciate your help! Contributions to the **LWVCNM Education Fund** are tax-deductible. If your check comes in before August 21, your name will be listed in the *Voters' Guide* as a sponsor.

## Support the League's Operations!

The League of Women Voters works to help citizens become educated and involved in government through its Voter Services activities. The League also hosts and moderates panel discussions and candidate debates. By studying various public policy issues and obtaining member consensus, the League takes positions and uses these positions for community action and lobbying. The League of Women Voters of Central New Mexico maintains an office, answers questions from the public via phone and email, and publishes a monthly newsletter. These services are funded from the Operations Fund. Contributions to the Ops Fund are not tax-deductible, but are much appreciated!
