- * We are a nonpartisan political organization.
- * The League never supports or opposes any political party or candidate
- .
- * We encourage the informed and active participation of citizens in government.
- * We work to increase understanding of major public policy issues, and influence public policy through education.
- * We take action in supporting or opposing governmental issues based on the Principles and Positions derived from membership agreement following impartial study of the facts.
- * Our name, like our mission, derives from the proud legacy of the women's suffrage movement . In 1920, the 19th Amendment to the United States Constitution was finally ratified. **The League of Women Voters®** was launched as an independent organization to help eliminate other forms of political and legal discrimination against women. The League is set up to increase the effectiveness of women's votes in furthering better government for all.
- * Any citizen, male or female, aged 16 or older can join. With membership comes the opportunity to work on local, state, regional and national public policy issues.
