Present: Katherine Bruch, Jay Block, Michael Meek (Vice Chair), David Heil (Chair), Joshua Jones (video)

### **Description of Issues Relevant to the League**

No issues relevant to League advocacy positions were taken up during this meeting.

### **Additional Comments**

Following presentation of the Sheriff's Department Annual Report, one commissioner ranted about "open borders" created by democrats as the cause of fentanyl being seized in Sandoval County. This was followed by gallery applause and a reminder that applause is not allowed as the meeting is not a sporting event.
